Medical Educator

Issued September 24, 2026 · Verification code SC26-0K7O-P2V · Module v3.0.2

This certificate attests knowledge and clinical reasoning demonstrated by written assessment in a self-paced module. It does not attest bedside competence, confers no licence or clinical privilege, and is not a substitute for supervised, hands-on emergency paediatric training (for example ETAT, PALS or equivalent courses). It confers no provider status in any named course and is not endorsed by WHO, AHA, AAP or SCCM. No CME credit unless separately accredited. The verification code is deterministically re-derivable from the displayed figures — it is not tamper-proof.
